Sign Up for Free Family Tours and Films at the Morse This Summer

Note to Editors: Attached is a high-resolution image of the Morse Museum's leaded-glass Rose window, 1906, from Tiffany Studios.

WINTER PARK, Fla.—This summer the Morse Museum invites families to learn more about the life and art of American designer Louis Comfort Tiffany through two free programs designed especially for elementary-school-age children.

Although most famous for his leaded-glass windows and lamps, Tiffany also designed art glass, pottery, enamelware, jewelry, and whole interiors. It's all on view at the Morse. Beginning in June, on eight select Tuesdays (June 15, 22, and 29; July 6, 13, 20 and 27; and August 3) families can enjoy a 45-minute guided museum tour and take home an art activity related to the Morse's extensive collection of works by Tiffany. On four Fridays (June 25, July 9, July 23, and August 6) participants will see a short film, produce a work of art and visit the Tiffany exhibits as well as other galleries.

Space in these free programs is limited, and **reservations are required**. All children must be accompanied by a parent or guardian. A \$5 refundable deposit per child is requested when securing a reservation for the family film. Call (407) 645-5311, extension 136, to make a reservation or for more information.

Families visiting the museum may also request a free family brochure written to help visitors of all ages better appreciate the objects and themes presented in the Morse Museum's collection. Children younger than age 12 receive free admission to the museum and are welcome any day of

the week with their parents or guardians. The museum's summer hours are 9:30 a.m. to 4 p.m. Tuesday through Saturday and 1 p.m. to 4 p.m. Sunday. Admission is \$3 for adults, \$1 for students, and free for children under 12.

The Morse Museum is owned and operated by the Charles Hosmer Morse Foundation and receives additional support from the Elizabeth Morse Genius Foundation. It receives no public funds.
